Getting started with the Libby app

The free Libby app is the easiest way to get started with digital books, audiobooks, and magazines from your public library. Libby is available for Android, iOS, Windows 10, some Chromebooks, and in your browser at libbyapp.com.

Notes:

If you have a device that's not compatible with Libby, you can use the OverDrive app to borrow and enjoy digital titles instead.

STEP 1: Go to <https://nh.overdrive.com/>, scroll down to “meet Libby” on the computer.

Smartphone users will see the app on the top of the page.

Follow the instructions to install the Free Libby app from your device's app store.

STEP 2: Once you have Libby, follow the prompts to find your library and sign in with a valid library card.

Note: if you need a library card, or have lost your card number, please call 603-539-1537, leave a message, or send an email to effinghamlibrary@gmail.com, and a librarian will get back to you.

STEP 3: You can either browse the library collection, or search for titles. Please note that all titles are not available at all times, but just like a real library book you can put a reserve on them and you'll be notified when they become available again. You can download books, audiobooks, and magazine titles.

STEP 4: Borrowed titles appear under Shelf > Loans and download to the app automatically when you're connected to Wi-Fi, so **you can read them when you're offline!**

From your Loans, you can:

Tap Read With to choose where you'd like to read the book (Kindle or Libby), then finish sending to Kindle or start reading in Libby.

Tap Open Audiobook to start reading or listening to that title.

Tap Manage Loan to see options like Renew and Return.
